Recruitment Policy

Introduction

This recruitment and selection policy has been produced in accordance with the statutory guidance Keeping Children Safe in Education 2021. This policy aims to ensure that safer and fair recruitment and selection is conducted at all times at South Brockwells Farm. Safeguarding and promoting the welfare of children and young people is an integral factor in recruitment and selection South Brockwells Farm and is an essential part of creating safe environments for children and young people.

South Brockwells Farm is committed to safeguarding and promoting the welfare of children and young people and expects all staff and volunteers to share in this commitment. South Brockwells Farm is committed to attracting, selecting and retaining employees who will successfully and positively contribute to providing a valuable service. A motivated and committed workforce with appropriate knowledge, skills, experience and ability to do the job is critical to our performance and fundamental to the delivery of a high-quality service.

Purpose

To ensure the recruitment of both, fixed-term and Temporary staff (including volunteers) is conducted in a fair, effective and economic manner. To achieve this, those who are responsible for each stage of the recruitment process will demonstrate a professional approach by dealing honestly, efficiently and fairly with all internal and external applicants.

Scope

The ultimate responsibility for recruitment and selection lies with the Partners.

Aims and objectives

- To ensure that the safeguarding and welfare of children and young people takes place at each stage of the process.
- To ensure a consistent and equitable approach to the appointment of all staff
- To ensure all relevant equal opportunities legislation is adhered to and that appointees are not discriminated against on the grounds of race, nationality, gender, religion, age, disability, marital status, sexual orientation and pregnancy and maternity
- To ensure the most cost-effective use is made of resources in the recruitment and selection process

Principles

The following principles are encompassed in this policy:

- All applicants will receive fair treatment and a high-quality service.
- The job description, and in particular the section entitled 'Key skills and experience', are essential tools and will be used throughout the process.
- Employees will be recruited on the knowledge, experience and skills needed for the job.
- Selection will usually be carried out by a panel with at least two members. At least one panel member during the recruitment process will have received and successfully completed appropriate accredited training on the recruitment and selection process.
- Selection will be based on a minimum of completed application form, shortlisting, interview and references.
- All posts will normally be advertised. The following will be carried out in connection with the advertising of vacancies:
 - a) Roles will usually be advertised externally. In some cases, recruitment may be undertaken through an agency where this is the most appropriate route.
 - b) Advertisements will not be confined unjustifiably to those geographical areas or publications that would exclude or disproportionately reduce the numbers of applicants from a particular racial group.
 - c) Advertisements shall not state a specific length of residence or experience in the United Kingdom as a requirement for a vacancy.
 - d) Advertisements shall not differentiate between qualifications obtained in the UK and those that are fully comparable but obtained outside the UK.
 - e) All applicants for posts will be sent a copy of South Brockwells Farm Equality and Diversity Policy, if requested.
 - f) Where an advertisement contains an informal contact point, this shall be for the purpose of expanding on the job details and requirements and not as an informal selection procedure.
- The Equality Act makes it a requirement to make reasonable adjustment to the recruitment process if an applicant makes the employer aware that they have a disability. This applies to the entire recruitment process, from advertisement to appointment.

Equal opportunities

South Brockwells Farm is committed to providing equality of opportunity for all and ensuring that all stages of recruitment and selection are fair. Recruitment and selection procedures will be reviewed on a regular basis to ensure that applicants are not discriminated against on the grounds of race (which includes colour, national or ethnic origins), gender, religion, age, disability, sex, gender reassignment, pregnancy, marital status or sexual orientation. South Brockwells Farm acknowledges that unfair discrimination can arise on occasion and so will ensure that the equal opportunities policy is the foundation for all its activities.

Pre-recruitment process

Overview

South Brockwells Farm will ask for a CV and personal statement for all applicants

Objective

The objective of the recruitment process is to attract and select staff who will successfully and positively contribute to the future development of South Brockwells Farm. The first experience of South Brockwells Farm an individual has is important, so the experience should be positive and all those responsible for recruiting will:

- Leave a positive image with unsuccessful applicants
- Give successful applicants a clear understanding of the post and what is expected of them
- Strive to reduce the risk of a bad selection decision that can be expensive and may cause line management problems in the future or may not meet South Brockwells Farm's commitment to safeguard children and young people.

Application form

An application form will be used to obtain a common set of core data from all applicants.

Job description and person specification

An accurate job description is required for all posts, using South Brockwells Farm job description format. The job description contains a section outlining the key skills and experience of the post (a 'person specification').

References

The purpose of seeking references is to obtain objective and factual information to support appointment decisions. They will always be sought and obtained in writing/e-mail directly from the referee, who must have the authority to give a reference on behalf of their organisation. Two references will be sought as minimum and cover, typically employers for the previous five years. Where an applicant has not been in employment during this period, then independent personal referees will be contacted. In the case of roles with significant and unsupervised contact with pupils written references will be sought on all shortlisted candidates, and, will be obtained before interview where practicable so that any issues of concern that they raise can be explored further with the referee, and taken up with the candidate at interview.

Interviews

The interview will assess the merits of each candidate against the job requirements, and explore their suitability to work directly with or in a working environment with children and young people. The selection process for people who will work with children and young people will usually include a face-to-face interview, even if there is only one candidate.

Interview panel

Where possible a minimum of two interviewers will form the interviewing panel.

The members of the panel will:

- Have the necessary authority to make decisions about appointments and be aware that they act for the South Brockwells Farm Partnership in making recruitment decisions.
- Panel members should be aware of the duty to make reasonable adjustments for a candidate with a disability. Examples of reasonable adjustments could include:
 - o Changing the interview location
 - o Providing a hearing loop for an applicant with a hearing impairment
- Meet before the interviews to:

- o Reach a consensus about the required standard for the job to which they are appointing
 - o Consider the issues to be explored with each candidate and who on the panel will ask about each of those. Care must be taken to avoid questions that could be construed as discriminatory (e.g., questions about personal circumstances that are unrelated to the job)
 - o Agree their assessment criteria in accordance with the person specification
- Independently make appropriate notes during and immediately after the interview on each applicant. Notes must relate to how applicants demonstrate their knowledge, skills, experience and abilities in relation to the person specification. The Data Protection Act allows applicants to request disclosure of such notes and the lack of such notes would seriously impede the Partners ability to contest a complaint about the recruitment process.

Long listing and Shortlisting

If a large number of applicants are received for a post it may be necessary to both long and subsequently shortlist applications. Both processes must be carried out by the interview panel, who will meet to discuss the applications in accordance with the pre-agreed selection criteria and a written record of the long and shortlisting processes kept.

Where a candidate is known personally to a member of the selection panel, it will be declared before shortlisting takes place. It may then be necessary to change the selection panel to ensure that there is no conflict of interest and that equal opportunities principles are adhered to.

Scope of the interview

In addition to assessing and evaluating the applicant's suitability for the particular post, the interview panel will also explore:

- The candidate's attitude towards children and young people (using a 'values based assessment' approach, as designed and supported by the NSPCC in their Safer Interviewing Skills Training work)
- His/her ability to support the South Brockwells Farm agenda for safeguarding and promoting the welfare of children
- Gaps in the candidate's employment history
- Concerns or discrepancies arising from the information provided by the candidate and/or a referee
- Whether the candidate wishes to declare anything in light of the requirement for a DBS check.

If, for whatever reason, references are not obtained before the interview, the candidate will also be asked at interview if there is anything they wish to declare/discuss in light of the questions that have been (or will be) put to his/her referees. (It is essential that the references are obtained and scrutinised before a person's appointment is confirmed and before they start work).

Conditional offer of appointment: pre-appointment checks

An offer of appointment to the successful candidate will be conditional on:

- The receipt of at least two satisfactory references
- The receipt of a fully completed and signed Application Form
- Verification of the candidate's identity
- Verification of eligibility to work in the UK

- Verification of the candidate’s medical fitness
- Verification of qualifications, where required for the role
- Completion of a Child Care Disqualification form, if appropriate
- An overseas police check will be required if a candidate has lived overseas within 5 years of their application for 3 months or more
- A check of the Children’s Barred List, if appropriate, and a satisfactory DBS enhanced disclosure.

Post-appointment induction

There will be a Safeguarding and child protection induction programme for all staff and other volunteers newly appointed to South Brockwells Farm regardless of previous experience. This induction will, in all but the most exceptional of circumstances, take place prior to the commencement of employment and will be undertaken by an appropriately trained member of staff normally the Designated Safeguarding and Child Protection Person (DSP) or a suitably qualified external professional.

Complaints procedure

Applicants for employment concerned about the recruitment process should write to the South Brockwells Farm Partners in the first instance. This does not preclude them taking the matter to an employment tribunal or civil court.

Any member of staff with concerns about the application of this policy should refer to South Brockwells Farm complaints policy.
